## 1. PURPOSE

*To list the projects that together will deliver the capability described in the Blueprint.*

*(It may not be possible to identify all of the required projects when defining the programme).*

## 2. DOCUMENT BENEFITS

*Provides the basis for developing the Programme Schedule and the Programme Plan.*

## 3. PROJECT LIST

*The portfolio will identify projects that are existing, that need to be adopted into the programme, or new initiatives that will need commissioning at the appropriate point.*

## 4. OUTLINE PROJECT INFORMATION

*Their Project Briefs, timescales, and resource requirements will support the development of the programme schedule, taking account of prioritisation, interdependencies and resource availability.*

## 5. DERIVATION

### ▪ BLUEPRINT

*Composition of the changed organisation that should exhibit the capabilities expressed in the Vision.*
