**KEY**

**PP PRINCE2 Process**

This is a PRINCE2 process. Products which are not PRINCE2 management products are denoted by an asterisk\*. The products used in the process are specified as follows:

(A) - Approved  
(C) - Created  
(R) - Reviewed  
(U) - Updated

**Activity**

This is an activity. Each process comprises a number of activities.

**Trigger**

This is an event or decision that triggers another process or is used to notify corporate programme management.

The arrow shows which process is triggered by the event.

8,9 These show the products output from one process to another.

**MP Managing Product Delivery**
