

# Recommendation letter

## To whom it may concern

We would like to confirm that that Mr. Mirosław Dąbrowski conducted training from business and system analysis based on a set of good practices of contained in the BABOK V3 for our employees.

The participants stressed above all practical experience of the trainer in the field of business analysis as well as related topics such as project management, quality management, requirements engineering and software development lifecycle. The practical examples and case studies from projects conducted for public and private customers constituted a valuable source of learning for participants. Thanks to the professionalism, proactive style of teaching and profound practical experience of the trainer from the areas of business and system analysis, training was carried out with full satisfaction of the participants. Both substantive knowledge and way of conducting the training were highly appreciated by our employees.

The aim of the training was to deepen the knowledge of business analysis and obtaining worldly recognized certificate IQBBA. The goal has been fully achieved. All employees passed the exam to obtain very high results.

Based on the above experience with full awareness, we can recommend the service trainer Mr. Mirosław Dąbrowski as a reliable and professional expert, trainer and coach with extensive international experience in both Business Analysis as well as the range of related fields.
